

YOU
CAN *make a*
DIFFERENCE

More fathers, daughters, mothers, sons and friends ARE COUNTING ON US.

Aultman treats **57%* more** cancer patients than any other local hospital

Nearly **1/3** have advanced-stage cancer

Chemo and radiation treatment usually require **50-150** visits per patient

55% have extreme fatigue

2/3 have mild to severe pain

Cancer incidence in our five-county market is expected to increase by **11%*** by 2025.

Aultman's exceptional clinical team and cutting-edge diagnostic and cancer fighting technologies are in place. **BUT THAT'S NOT ENOUGH.**

Aultman's Cancer Center is undersized. Access is challenging with services spread across 10 different locations. Patient and family areas lack privacy and comfort. Our community deserves a modern, patient-centered cancer center.

CANCER DOESN'T STAND STILL. AND NEITHER SHOULD WE.

WELCOME to the **NEW** AULTMAN CANCER CENTER.

*One comprehensive center for **comprehensive** cancer-related services.*

Centralized entrance with **support** services
to streamline patient access

Improved **footprint** so patients and families
experience seamless navigation of care

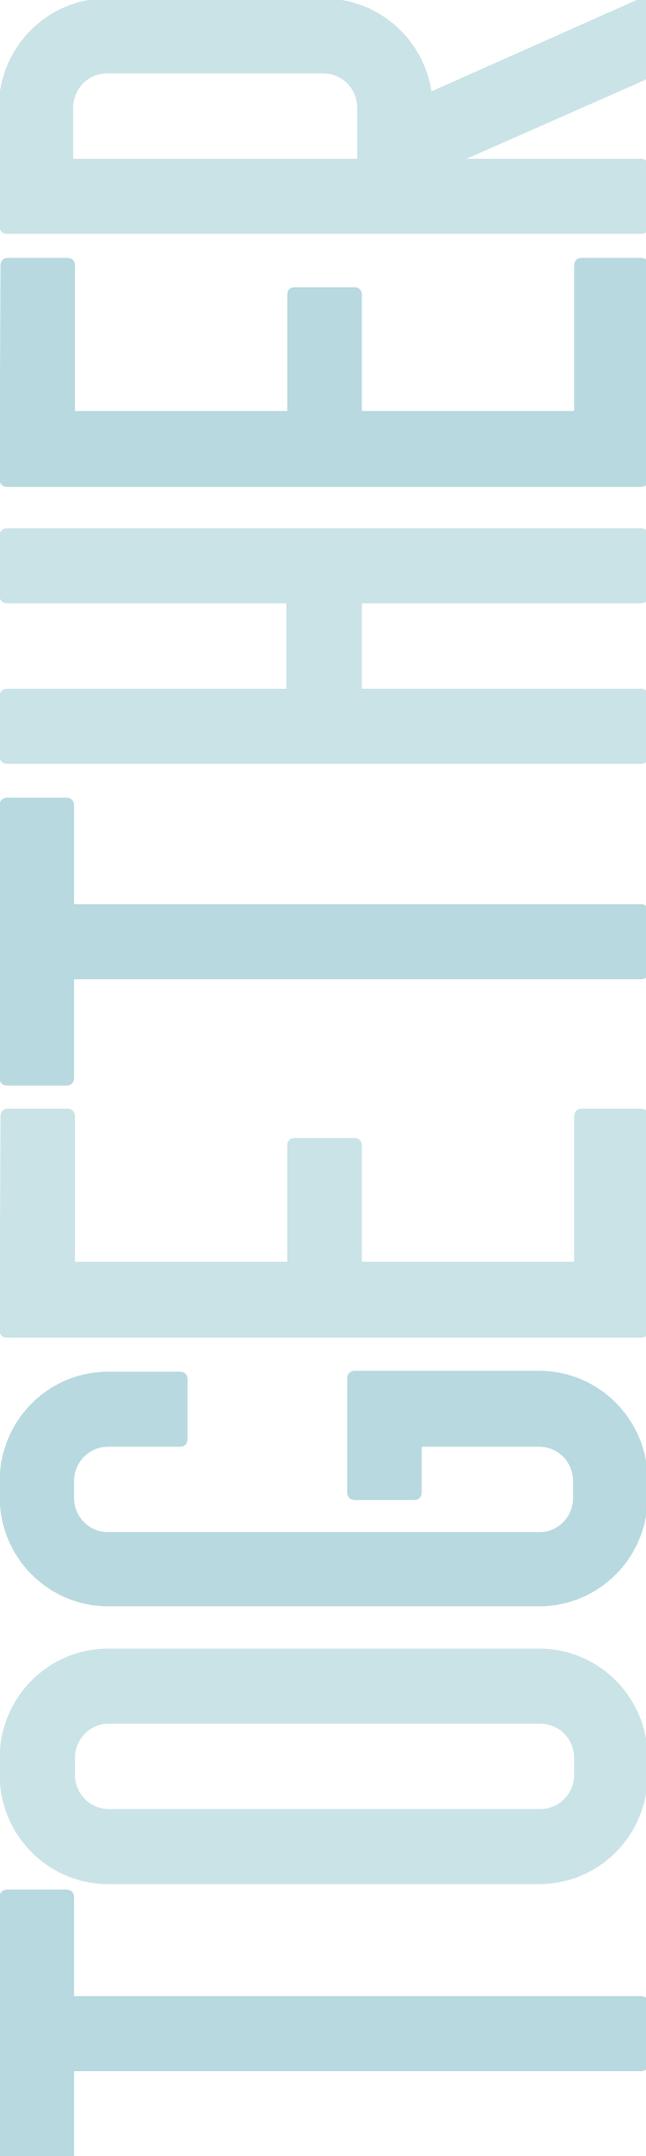

Modern design that builds inter-disciplinary **collaboration**
between physicians, nurses and all health care teams

Individual infusion areas to expand
patient privacy and improve treatment experience

Complementary support services,
family respite areas and **gardens** to promote wellness
and comfort patients and families

TOGETHER, WE CAN *accomplish* **SO MUCH.**

- » **ADVANCE CLINICAL CARE**
- » **IMPROVE PATIENT EXPERIENCE**
- » **STRENGTHEN COMMUNITY SERVICES AND ECONOMY**

Practicality meets inspired design:

- » Renovating existing clinical space
- » Adding 45,000 square feet dedicated to comprehensive care

\$28 MILLION PROJECT
to bring our community the advanced
cancer center it deserves.

“Having all cancer services in one location will reduce the stress of traveling from office to office, location to location around the hospital and even around the county while being tested and treated. You will have a cancer care ‘home,’ where everything and everyone will concentrate on your healing.”

— *Dr. David Litvak, Medical Director, Aultman Cancer Center*

It is only through
DONOR SUPPORT
that we will
REACH OUR GOAL
of creating a
comprehensive
CANCER FACILITY
that will provide the
outstanding care
that our community
DESERVES.

ARCHITECTURAL RENDERING

TOGETHER, WE CAN
make this vision **A REALITY.**

Aultman has invested the first \$10 million of the estimated \$28 million project cost.

Now, we are inviting you to help.

5 YEARS | \$8 MILLION
Together, we can provide our community a Cancer Center, unlike any in our market today, that delivers patients access to convenient, compassionate, high-quality care close to home.

TOGETHER, WE CAN
lead our community
to improved health.
TOGETHER, WE CAN
help more people
like Mary ... and me ...
BEAT CANCER!
